Dear Council Members,

Dear Friends,

Greetings from European Taekwondo Union.

Following your previous positive voting of Nalchik 2015/ 1st European Olympic Weight Categories Champs, serious consideration and several requests that ETU has received the last days about the quotas of each National Team in specific European Championships , ETU is pleased to propose the following:

Hence forward in the European Under 21 Championships and the European Senior Olympic Weight Categories Championships each National Team can participate with two athletes per weight category (instead of one).

Since ETU strives to encourage and help Taekwondo community all around Europe by delivering and supporting initiatives that promote the physical and developmental benefits of our sport, I kindly ask you to cast your vote on the proposed issue. If you vote in favor, it means you support the ETU proposal and from now on, for Under 21 and Senior Olympic Weight Categories European Championships, every MNA will be eligible with two athletes per weight category. In

case of acceptance this takes effect for the Grozny 2016 U21 Champs.

You are requested to duly sign the voting form and reply before **6 July 2016**.

Your prompt participation in this vote will be highly appreciated.

Yours,

Sakis Pragalos
ETU President
